

CS-360TES Top Handle Chainsaw*

*** For trained
tree surgeon
operators only**

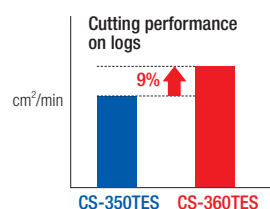

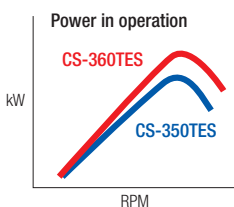

ECHO's CS-360TES is built for the professional user and features a powerful, new 35.8cc engine. This engine has an output of 1.50kW, resulting in an increased cutting performance over the CS-360TES's predecessor, the CS-350TES. It is also Stage 2 emissions compliant.

The tapered handle is set at 18° making this top handle chainsaw comfortable to use and well-balanced. Adjustable to two sizes, the palm rest ensures greater operator comfort and a reduction in fatigue. The professional grade cutter bar is single spiked, while the dual post chain brake increases durability. Side access tensioning makes chain adjustments easily accessible.

High Power & Excellent Cutting Performance

	CS-350TES	CS-360TES
Engine displacement	35.8cc	35.8cc
Output	1.46kW	1.50kW
Emission	ST1	ST2

ECHO Innovation: Easy Start

Denoted by the ES symbol on the chainsaw, Easy Start minimises the effort required to start the engine. With Easy Start the pulling power needed on the starter rope is greatly reduced compared to other makes, with no kick-back effect in cranking.

SPECIFICATIONS

Displacement	35.8cc
Dry weight*	3.6kg
Output	1.50kW
Guide bar length	Standard: 35cm (14") Option: 30cm (12")
Fuel tank capacity	0.33 litres

* without guide bar and chain

*ECHO's bar and chain oil
provides excellent lubrication
and ensures a smoothly
performing chain*

CS-360TES PROFILE

▶ CATEGORY

Top Handle Chainsaw

▶ APPLICATION

Pruning and arboriculture

▶ TARGET CUSTOMER

Homeowner

Prosumer

Local authority

FEATURES

BENEFITS

Premium grade ECHO engine

Reduced wear means increased durability and extended engine life

Dual-post chain brake handle

For increased durability

Automatic clutch related oiler

Delivers optimum lubrication

Side access tensioning

Allows easy chain adjustment

G-Force engine air pre-cleaner

For reduced air filter maintenance

Belt hook facility

Strong, durable and attaches easily to harness rings

Air filter system

Rear filter is positioned away from dirt and debris for better filtration

ES Easy Start system

Minimum effort required to start engine

Faster starting

Stage 2 low emissions compliant

Reduced exhaust emissions

*Use ECHO products with ECHO's own high quality blend oils,
for maximum performance*

Extensive warranty

ECHO power tools come with a **two year warranty** in professional use (registration of ECHO products and servicing are necessary to validate the warranty).
