

CS-390ESX Chainsaw

Professional Quality "Sugihara" Guide Bar

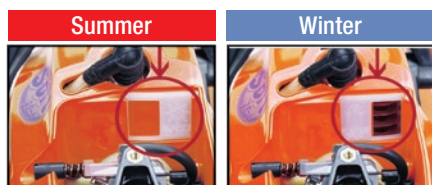

Unique chain tensioner

ECHO's CS-390ESX is built for the professional user and has a powerful new 38.4cc engine. With a lightweight and durable magnesium body, this chainsaw has an excellent power-to-weight ratio and a dry weight of 4.5kg.

A 5-point anti-vibration system reduces vibration and therefore operator fatigue, making the chainsaw comfortable to use for longer periods. A dual post handle increases the durability of the chain brake mechanism.

The CS-390ESX's anti-icing system channels warm air from the engine to the carburettor, preventing freezing in colder months.

This chainsaw comes with a 33cm or 38cm Sugihara guide bar.

Anti-icing system

Inboard clutch

Rotating chain catcher

ECHO Innovation: Easy Start

Denoted by the ES symbol on the chainsaw, Easy Start minimises the effort required to start the engine. With Easy Start the pulling power needed on the starter rope is greatly reduced compared to other makes, with reduced kick-back effect in cranking.

SPECIFICATIONS

Displacement	38.4cc
Dry weight*	4.5kg
Output	1.90kW
Guide bar length	Standard: 38cm (15") Option: 33cm (13")
Fuel tank capacity	0.42 litres

* without guide bar and chain

ECHO's bar and chain oil provides excellent lubrication and ensures a smoothly performing chain

FEATURES

BENEFITS

Premium grade ECHO engine

Reduced wear means increased durability and extended engine life

Dual-post chain brake handle

For increased durability

Anti-icing system

Stops the carburettor from freezing in colder months

Top access tensioning

Allows easy chain adjustment

G-Force engine air pre-cleaner

For reduced air filter maintenance

ES Easy Start system

Minimum effort required to start engine

Faster starting

Internal clutch

For easy maintenance and easy bar and chain replacement

Increased durability

5 point anti-vibration system

Increased comfort, reduces excessive fatigue

Stage 2 low emissions compliant

Reduced exhaust emissions

Use ECHO products with ECHO's own high quality blend oils, for maximum performance

Extensive warranty

ECHO power tools come with a **five year domestic warranty** or a **two year warranty** in professional use. For the domestic user there is the total reassurance of using equipment designed and built for professionals, and a five year warranty offers even greater peace of mind (registration of ECHO products and servicing are necessary to validate the warranty).
