

## SRM-300TES High Torque Brushcutter

AVAILABLE WITH  
'U' OR LOOP HANDLE

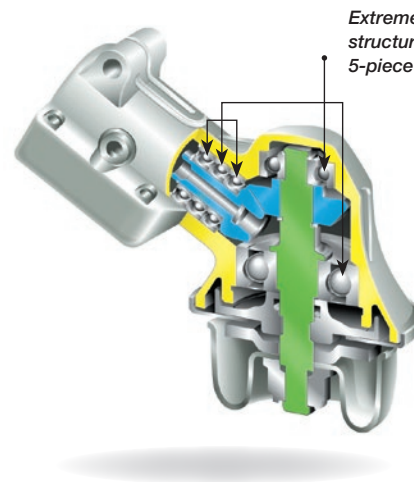

Torque has been increased by 50% compared to the SRM-300ES. Greater torque means the unit can maintain speed under heavy loads, enabling the user to trim in one pass instead of several.

With a 1:2.07 gear reduction ratio, ECHO's SRM-300TES generates outstanding levels of torque – up to **50% more** than previous models.

More torque means more cutting power and by installing thicker line, the operator can tackle a wider range of tasks with just one brushcutter. Featuring a comparatively small engine, the unit is lightweight and features low levels of vibration, but has the cutting performance of a higher capacity machine.

Extremely strong structure supported by 5-piece ball bearings

**High Torque gearbox**

### SPECIFICATIONS

Displacement	28.1cc
Gear reduction ratio	2.07
Dry weight*	6.2kg (U) 6.0kg (L)
Output	0.93kW
Fuel tank capacity	0.50 litres
Start assist system	Easy Start

\*Without cutting attachment and shield \*\*At trigger handle (independently tested by Fivesquared)

## SRM-300TES PROFILE

▶ CATEGORY

High Torque Brushcutter

▶ APPLICATION

Long grass, weeds, brush

▶ TARGET CUSTOMER

Homeowner

Prosumer

Commercial operator

Local authority

## FEATURES

## BENEFITS

High torque gearbox

- ✓ The benefits of a small unit with the cutting power of a large brushcutter
- ✓ Greater cutting power from a smaller engine
- ✓ Lower weight enhances user comfort without compromising performance

Integrated low vibration technology

- ✓ Comfortable to operate for extended periods
- ✓ Falls well within HSE levels
- ✓ An attractive product for local authorities and large contractors

ES Easy Start system

- ✓ Minimum effort required to start the machine
- ✓ Faster starting

Heavy duty engine

- ✓ Reduced wear means increased durability and extended engine life

Stage 2 low emissions compliant

- ✓ Reduced exhaust emissions

'Tap and Go' system

- ✓ Releases more line for the operator with a single tap

Quick hook-up/release harness

- ✓ Speeds up the work process and allows operators to detach themselves from the machine quickly should the need arise

### Extensive warranty

ECHO power tools come with a **two year warranty** in professional use (registration of ECHO products and servicing are necessary to validate the warranty).

*Use ECHO products with ECHO's own high quality blend oils, for maximum performance*
